APCC E-MAIL REGISTRATION FORM

IMPORTANT INFORMATION

- Only mounts equipped with a "V" chip (or later version) installed in the GTOCP3 Control Box are able to use APCC. If your control box has the correct chip and you are interested in APCC, you are invited to fill in this form. When APCC is released, your name and e-mail address will be entered into the database. At that time, we will send an e-mail directing you to the download site.

- If you have purchased your mount used or through a dealer and have not registered your mount, you will be contacted to fill out a mount registration form.
